VU HUU DO

DevOps Engineer — Docker / Linux / CI-CD

Ho Chi Minh City, Vietnam • +84 347 299 934 • vuhuudo2004@gmail.com • github.com/vuhuudo • linkedin.com/in/vũ-hữu-đô-b899bb360

Available from mid-November 2026

SUMMARY

DevOps-minded engineer with 1.5 years running internal platforms across dev / UAT / production on Docker & Linux: CI/CD, reverse proxy & TLS, monitoring and alerting, backups and rollback-safe releases. Also develops on the stack (.NET / React / Python).

CORE SKILLS

Containers & OS: Docker, Docker Compose, Linux (Ubuntu), WSL, Bash

CI/CD: Git, pipeline automation, test gates, security scans, versioned releases & rollback

Networking: Nginx, reverse proxy, DNS & TLS, VPN, SSO-protected access

Observability: Prometheus, Grafana, alerting, health checks

Data operations: SQL Server / PostgreSQL / ClickHouse backup & restore, maintenance automation

Development: C# / .NET, React + TypeScript, Python, Rust

PROFESSIONAL EXPERIENCE

Web & Database Developer — Hoan Cau Group

June 2025 – November 2026 · 1 yr 5 mos · Ho Chi Minh City, Vietnam

- Built and operated the delivery platform for several systems across dev / UAT / production: Dockerized services and CI/CD with build, test, scan and deploy stages.
- Ran the access layer for internal systems: reverse proxy with TLS, SSO-protected tools and VPN access for branch offices.
- Set up monitoring and alerting (Prometheus, Grafana), health checks with auto-restart, scheduled backups with restore drills and capacity cleanup.
- Cut CI test time by ~65% via sharded parallel jobs; automated maintenance with Python / Bash.

SELECTED PROJECTS

Delivery platform & environments

Docker · CI/CD · Reverse proxy · Linux

- Multi-environment release pipeline with test gates, versioned images and rollback.

Observability & backups

Prometheus · Grafana · Bash

- Dashboards, alerts, scheduled backups and restore drills.

Maintenance automation

Python · Bash · WSL

- Scheduled cleanup and maintenance jobs for internal platforms.

EDUCATION & LANGUAGES

Bachelor of Artificial Intelligence — Van Lang University, Ho Chi Minh City (2023 – 2026) · Vietnamese (native) · English (elementary)
